

Announcement

As of January 1st, 2013 there will no longer be a discount for water and sewer. The new upgraded system seems to have a problem allowing a discount when payment is made before the 21st of the current month. Council reviewed the Town's expenses for utility treatment and services and it was decided not to increase charges but to remove the discount that has been giving administration so much trouble. So as of January 1st, 2013 the monthly charge for water, sewer, and dry garbage will be \$55.00 per month. For many who are on pre-authorized payment, the adjustment will be automatically changed. However, if you wish to change your arrangements with pre-authorized, please contact the office at 688-8253 before January 15th, 2013. The last increase to sewer, water and dry garbage was made in 2006, and before that in 1998.

Thank You,
The Town of Creighton
Mayor, Council and Administration
